

A heatmap visualization showing power consumption over time. The vertical axis is labeled 'time [h]' and the horizontal axis is labeled 'time [week]'. A color bar on the right indicates the power consumption value in kW, ranging from light yellow (low) to dark blue (high). The plot shows a clear daily cycle with high power consumption (dark blue) during the day and low consumption (light yellow) at night. There are also some vertical streaks of higher consumption throughout the week.

TSA Sequence - TypeweeK (Occurrence):
A (2), B (1), A (5), B (2), C (6), B (3), D (18), B (9), A (6)
